British Periodical Literature.

REPUBLICATION OF

The London Quarterly Review,
The Edinburgh Review,
The North British Review,
The Westminster Review,

—AND—

Blackwood's Edinburgh Magazine.

The wide spread fame of these splendid Periodicals renders it needless to say much in their praise. As literary organs, they stand far in advance of any works of a similar stamp now published, while the political complexion of each is marked by a dignity, candor, and forbearance, not often found in works of a party character.

They embrace the views of the three great parties in England—Tory, Whig and Radical—"Blackwood" and the "London Quarterly" are Tory; the "Edinburgh Review" Whig; and the "Westminster Review" Radical. The "North British Review" is more of a religious character, having been originally edited by Dr. Chalmers, and now, since his death, being conducted by his son-in-law, Dr Hanna, associated with Sir David Brewster. Its literary character is of the very highest order.—The "Westminster," though *reprinted* under that title only, is published in England under the title of the "Foreign Quarterly and Westminster," it being in fact a union of the two Reviews formerly published and reprinted under separate titles. It has, therefore, the advantage by this combination, of uniting in one work the best features of both as heretofore issued.

The above Periodicals are reprinted in New York, immediately on their arrival by the British steamers, in a beautiful clear type, on fine white paper, and are faithful copies of the originals, Blackwood's Magazine being an exact *fac-simile* of the Edinburgh Edition.

TERMS.

For any one of the four Reviews,	$3,00 per annum
For any two do	5,00 "
For any three do	7,00 "
For all four of the Reviews,	8,00 "
For Blackwood's Magazine,	3,00 "
For Blackwood and three Reviews,	9,00 "
For Blackwood and the four Reviews,	10,00 "

Payment to be made in all cases in advance.

CLUBBING.

Four copies of any or all the above works will be sent to one address on payment of the regular subscription for three—the fourth copy being gratis.

EARLY COPIES.

Our late arrangement with the British publishers of Blackwood's Magazine, secures to us early sheets of that work by which we are enabled to place the entire number in the hands of subscribers before any portion of it can be reprinted in any of the American Journals. For this and other advantages secured to our subscribers, we pay so large a consideration, that we *may* be compelled to raise the price of the Magazine.

☞ *Something may therefore be gained by subscribing early.*

**Remittances and communications should be always addressed, post paid or franked, to the Publishers.

DR. STEPHEN JEWETT'S

Justly and Highly Celebrated

Family Medicines!

Comprising the true

Health Restoring Bitters,

PULMONARY ELIXER,

AND

Strengthening Plaster.

TRIED and proved by their continued use for the last fifty years, to be superior to any other preparations for the cure of every species of disease dependant upon

Impurities of the Blood, Derangement of the Stomach, Bowels and Liver, and all affections of the Lungs, Air Passages and Throat, as also Pain in the Bones, Joints, Side and Back, Rheumatism, Weak Stomach, Cramp, &c.

None genuine unless signed on the wrapper, "Stephen Jewett & Co." with a pen, to whom direct all orders.

Prepared by STEPHEN JEWETT, son of the late Dr. STEPHEN JEWETT, of Rindge, N. H.

Principal Office,—No. 30, India Street, Boston.

Please read the following certificate of a highly respectable and aged gentleman

RINDGE, N. H., April 1, 1848.

To all whom it may concern:

I the undersigned, do hereby certify, that I was acquainted with the late Dr Stephen Jewett from my boyhood up to the time of his death, and having been his nearest neighbor, can testify to his medical skill and knowledge of Botany, with hundreds of others now living and that in the year 1814 I was afflicted with jaundice palpitation of the heart pain in the side, and general debility, so as to be *unable to attend to my business* and being a neighbor of the late Dr. Stephen Jewett, I had recourse to his far famed *Bitters and Plaster*, and by their use was permanently cured. Since the above named date, I have used Dr. Jewett's medicines with equally good effect, as prepared by Stephen Jewett, son of the late Dr Stephen Jewett, of Rindge, N. H., and I cheerfully recommend them to the public as safe and invaluable medicines;—and being composed entirely of vegetables, I think them far better suited to the diseases of our climate than medicines composed of minerals or foreign nostrums. Try them, and judge from facts and experience. I consider Dr. Stephen Jewett's Strengthening Plaster far superior to any external application, for the purposes for which it is recommended, of any that I have ever known.

EBENEZER BLAKE.

DR. STEPHEN JEWETT'S

Health Restoring Bitters.

These Bitters, acting as they do upon the Stomach, Liver, and Bowels, removing all the morbid secretions, thereby purifying the blood and invigorating the digestive organs, not only cure diseases that already exist, but they also fortify the system against all attacks of disease. It is a common remark among those who have used Dr Jewett's Bitters, that they have but little fear of being sick. The remark is strictly true, for while the stomach and bowels are kept in a good condition, and the blood pure, all the great predisposing causes are removed, and the whole system is fortified against those morbific influences, which under less favorable circumstances would have engendered perhaps fatal disease.

In order that the public may know that they are offered a truly excellent article, we append the following certificate, which may be seen, with numerous others, in their original, by calling on the proprietor.

BOSTON, May 15, 1848.

To all whom it may concern.—This may certify, that I have been for years troubled with a scrofulous humor, which has been very troublesome, and was fast undermining my health, and had severe pains in the back, loss of appetite, langour, and general debility.

A short time since I commenced taking Dr Jewett's Health Restoring Bitters, and in a very short time my humors and pains left me, my appetite improved, and my health has not been so good for years, all of which I attribute to Dr. Jewett's Health Restoring Bitters.

(MRS) E. H. RUSSELL, Beach Street.

DR STEPHEN JEWETT'S

Pulmonary Elixer.

Nearly one third of all the deaths that occur in New England are caused, either directly or indirectly by disease of the Lungs and Chest. Why is this great sacrifice of human life? How happens it that the brightest intellects, of the highest promise, the hope and support of declining years, are smitten down in early life? Why is it that so many families have made desolate by that fell destroyer, Consumption? And how happens it that so many interesting and lovely children are cut down every year by those dread diseases, the Quinsy and Croup? Is it because these diseases are incurable? Physicians will tell you these diseases can be cured,—if taken in season.

It is true these diseases can be cured with almost absolute certainty—if taken in season. Everybody should be aware of this fact, and provide themselves with Dr Jewett's Pulmonary Elixer.

The following certificate, among numerous others which have been received, are appended for the benefit of those who desire to see certificates.

WINCHENDON, Mass. March 10, 1848

Stephen Jewett—Dear Sir,—I feel it a duty to you and to the public generally, to inform you all, who may have been afflicted as I have, that I have been entirely cured of a severe and long continued cough, by one bottle of your Pulmonary Elixer.—For months I have been a great sufferer. I had pain in my left side, sore throat, constant cough, and raised a good deal of bad looking matter. My strength was gone, and my flesh was wasting away. I took many things without benefit, and was steadily getting worse, till I procured your Pulmonary Elixer, which has cured me, and I cheerfully recommend it to all who are troubled with coughs.

Yours truly.

THOS. CUMMINGS.

DR STEPHEN JEWETT'S

Strengthening Plaster.

These Plasters possess the property of *removing Pain, curing Lameness, Cramp, Pain or Weakness in the Back, Joints or Side, Rheumatism, Weak Stomach, &c.*, and when used in connection with the Bitters, in Liver Diseases, will prove very beneficial in removing the peculiar pain between the shoulders, and in the side and back, well known to those suffering with such diseases. This Plaster, from the quantity and quality given, is vastly cheaper than, and superior to, the "Poor Man's" or any other Plasters, and can be made any size wanted, without waste. One roll will make five good sized Plasters. A single trial will be all the certificate necessary.

NEVER DESPAIR OF LIFE!

KELLEY & CO'S

HIGHLY CONCENTRATED

SARSAPARILLA

Cures the Worst Diseases that ever preyed on the Human System, and saves Thousands of Lives Annually!!

10,000 CASES

OF SCROFULA cured by it this year, and 5,000 Cases DYSPEPSIA and HUMORS, of which *proof* can be furnished. This is the only medicine known to cure these diseases.

THIS Sarsaparilla will bear TWO QUARTS OF WATER to a Bottle, and then be far superior to any in use. It is put into the Bottle its FULL STRENGTH and power, without reducing it, and this is done for the special benefit of those who use it, as it is objected to all other Sarsaparillas that they are Weak, Clumsy, Adulterated, Sickish, and are wholly incapable of reaching the seat and cause of the disease. But this Sarsaparilla comes warranted to be

Six Times Stronger

than any other, and Six Times Better Safer Surer, and Cheaper than all others. *THIS* Sarsaparilla has bestowed on it some of the best MEDICAL Talents and Skill on the world, and CURES all the Sickness KILLS all the Pain, and REMOVES all the suffering that it is in the power of Human means to do. It Cures

Scrofula, Dyspepsia, Jaundice, Liver Complaint, Humors, Canker, Costiveness, Rheumatism, Cancer, Debility of the System, Salt Rheum,

and every Disease which arises from **Impure Blood!**

CONSUMPTION CURED WITH KELLEY & CO'S SARSAPARILLA!

A PHYSICIAN, who is truly the most distinguished of any in a large City for professional skill, CERTIFIES, astonishing as it may seem, that he actually CURED a case of **Consumption** with Kelley & Co's Sarsaparilla, and says "that there is no medicine in which he has so much confidence for Diseases of the Lungs." Some will marvel at this REMARKABLE Cure, but hundreds are knowing to the fact. This INESTIMABLE Sarsaparilla is also doing wonders in foreign cities. And says

SIR BENJAMIN BRODIE,

Surgeon to the royal Family of England "that there is no other medicine which is CAPABLE of doing so MUCH GOOD, and yet so INCAPABLE of doing injury." What distinguished compliments are these? Never was there a medicine honored with STRONGER RECOMMENDATIONS. It CURES where every thing else fails, the

Severest Scrofula and Tumors,

where the flesh falls off the bones—the bones are diseased, and the DART OF DEATH seems ready to strike the sufferer. And the reason for this is, that it makes the **BLOOD** perfectly Pure, Rich, Healthy, Quick, Free, Nutritious. It CURES all those ALARMING cases of DYSPEPSIA and JAUNDICE, where the Liver is Sluggish and Painful, Strength wasting, Appetite gone, Pulse weak, or Feverish, Skin yellow, Nerves deranged. It restores Health, Strength, and Vigor, to every disordered function of the System—causing them to move on just as Nature requires. And for its WONDERFUL Power over Disease in every form and part which no other Medicine possesses, the public justly style it the

Master Remedy of the Age!

The great secret of all its triumphant success over all other Sarsaparillas, is, that it does not tamper with the patient or prolong his sufferings. But it first attacks the disease and stops it, then removes it, then brings up the health and strength in a perfectly pure Blood, so that the cure is always lasting and permanent. Others only scatter or hide the disease, but this EXTIRPATES it wholly from the system—thus saves the patient's life, and others endanger it. The whole Body is made so healthy by the use of this GIANT MEDICINE, the System so vigorous—Mind so cheerful—Nerves so quiet—Skin so fair—Spirits so buoyant, that **Medical Colleges, Professors,** and Physicians always prefer it for the sake of its Superiority. Try it, all you who are seeking the PRICELESS BLESSINGS OF HEALTH.

Ladies, Married and Unmarried.

It is for you especially, that this Sarsaparilla is made, as the "HEALING ART" has been tasked to the utmost to have it exactly suited to FEMALE COMPLAINTS. These Complaints have never been cured as they ought; hence it is that all the medicines which are used with the hope of Cure, so invariably and entirely fail. But this Sarsaparilla has the **SPECIAL** ability, to cure every Disease, Affection, or Pain, which comes under this head. It regulates the secretions—corrects the irregularities of the System—restores strength to every part—beautifies the complexion—imparts a flow of spirits—cures palpitation of the Heart—removes Blotches, Pimples, Freckles.

WHIG MEETINGS!

The Whigs of Bangor are notified that a general caucus of Whigs will be held at the CITY HALL on

THURSDAY EVENING, March 8th

for the purpose of choosing a City Committee, and for making such arrangements as may be deemed necessary for the Municipal Election for the present year Per order of the City Committee

Bangor Feb 24, 1849

Whig Ward Caucusses

The Whigs of the several Wards in the city are recommended, by the Whig City Committee to hold a Caucus in each Ward at the usual place of meeting, on FRIDAY EVENING next, at half past seven o clock, for the purpose of nominating Ward Officers to be chosen on Monday next, at the annual Municipal Election

Per order of City Committee

Bangor March 7 1849

Whig Caucus on this Evening.

The Whigs of our city should bear in mind that they are called upon to meet on this evening at the City Hall for the purpose of nominating a candidate for Mayor to be elected on Monday next There is no excitement on the subject of the municipal election, nor should we, perhaps, expect there would be

We notice that the locos are out for a thorough organization this spring and in hopes of catching the Whigs napping, and of defeating them

We have in previous papers set forth some of the leading reasons in favor of a straight out Whig organization for the election this Spring Every departure from this has been unsatisfactory to our people, while no respect has any essential advantage been secured thereby It only remains then, we trust, for us to call the attention of the Whigs of our city to the subject and to urge them to attend the meeting make their nomination for a candidate for Mayor, and then to prepare at once for his election on Monday next

[Correspondence of the Whig and Courier.]

ON BOARD STEAM SHIP CRESCENT CITY } Chagres, Feb 14, 1849

After a most delightful passage, we dropped our anchor at this place, at four P M, to day being just nine days from Sandy Hook

With the exception of quite a gale experienced during the first three days, we have enjoyed the most charming weather, I ever experienced on a similar passage

The most perfect unanimity, harmony, and good feeling has existed among the three hundred and fifty passengers on board, and we shall look back to the few days passed together on board the Crescent City, with commingled sentiments of pleasure

Mr Fairchild, the Steward, has been untiring in his efforts to please, and our table would compare favorably with even the Irving, Astor, or St Charles

The Stewardess, Mrs Young, has devoted herself to those who suffered from sea sickness and won the lasting esteem of all, by her kind attentions a very handsome subscription has been made up for her

The Falcon, arrived here a few hours in advance of us, and the lines along side of her to night, receiving her passengers

We sent a committee on shore immediately on arrival, and made a contract with Ramos for transportation of baggage and passengers to Cruces, and our committee have proceeded tonight to Cruces to secure a sufficient number of mules to take us all to Panama We are assured that there are mules enough there, and that they are pouring in from all quarters, in anticipation of the arrival of these steamers

The Bark Marietta arrived this morning from New York, with a large number of passengers, with a Brig, name unknown, constituting the fleet now here

There are in all, some eight hundred passengers now at this port but the facilities for crossing the Isthmus have been so much increased, that we do not anticipate any detention

There is no sickness at Chagres Cruces, or Panama, and it being the dry season, we have had but eight showers since we neared the land at noon

The California arrived at Panama on the 23d of January and sailed for San Francisco, on the 3d inst

Ship Philadelphia has sailed with nearly all, and a brig having on board the remaining passengers for the Gold region, is ready to sail from Panama Oregon not arrived

There has been no arrival at Panama from the "diggings which is as good news as we could desire

I write at a table also occupied and surrounded by the baggage committee, who are receiving from Associations and individuals, lists of baggage, and if I have been able to accomplish an intelligible sentence; give me credit for it, it has cost me more labor than quietly to fill a quire

A number of vessels are daily expected at Panama to take passengers for San Francisco

Yours truly ATLANTIC

The New Jersey Legislature has followed the example of one of the Western Legislatures, in stipulating for the town free passage over the Paterson and Hackenseck Railroad, before they would pass the bill incorporating the company The mover of the amendment declared his intention to move its incorporation in all future railroads

☞ It will be seen by the following extract from an exchange paper that the bill in the Canada Parliament referred to in our article on *British North America* has already gone through the assembly It passed on the twenty-second of last month, and if there is any significance in dates, its issue must be happy

Canada Coming.

At a late hour on the night of Feb 22, the assembly at Montreal passed the law to pay £241 955 to 2176 sufferers by the patriot war, that is to those who lost property or were imprisoned or exiled This is the government measure, and the opposition presses loudly affirm that is these rebellion debentures are issued they shall never be paid!

Young misses and young men must remember how *philopœna* is spelt It is derived from *philos*, a friend, and *poine*, a penalty It is sometimes spelt filapoena, phillipoena, phillipine, and feelapean

☞ The Ladies Temperance Levee at Cynosure Hall, on Tuesday evening was a very agreeable gathering of warm hearted friends to help the women in their enterprise of relieving the distresses of those afflicted, and ministering to the necessities of the sick poor

Mr Ezra Sanborn presided in a very happy manner The Brass Band performed with much skill Rev Mr Maltby, Rev Mr Nye and several other gentlemen addressed the meeting

After a pleasant time spent in this way a very rich and elegant repast was furnished, and of which all partook with evident satisfaction Wit and sentiment enlivened the occasion, and it was not until a late hour that the company separated all agreeing that it was altogether the most satisfactory of anything of the kind ever attempted here Those noble hearted women who designed and carried through this levee deserve well of the public

Temperance Convention.

The convention of temperance men of every shade of opinion to be held in this city to day should interest our whole community The published call for the convention sets forth very clearly the necessity and the duty of the temperance community uniting their efforts to lessen the evils of intemperance in our county The discussions to-day will undoubtedly, be interesting and able, and the result reached such as all can approve and cordially sustain

Ward Caucusses.

Every Whig should be interested in his own Ward to secure worthy and acceptable nominations for Aldermen and Councilmen These caucusses will be held in the several Wards of the city on to morrow evening and they should be well attended and the best nominations made so that on Monday every Whig can go to the polls fully disposed to give the ticket a hearty support

Sale of Plants

The first spring sale of plants beautiful roses, and other flowers from Mr Brockmuller's Green House, will take place this day at No 19 Main street, It is a rare opportunity and our people should encourage this kind of cultivation

The amount of duty paid at the port of Boston upon rum brandy and gin for 1848 was $191, 912 21 The rates of duty upon liquors is 100 per cent

The New York papers announce the marriage of Miss Abby J Hutchinson of the far famed Hutchinson Family to Mr Ludlow Patton, son of Rev Dr Patton, of New York, who performed the interesting ceremony

☞ We would call the attention of our readers to the notice of a great sale of carriages, harnesses &c to take place at Boston on the 17th inst

A despatch from Washington says, that on Sunday, Senator Hannegan, was nominated to the mission to Berlin, which nomination was confirmed by the Senate

The correspondent of the Journal of Commerce says that Mr Webster was sent for by Gen Taylor, and that on Tuesday they had two hours conversation

☞ Our neighbor Mr Bickford in the basement of the New Market, has now a fine lot of fish, so neat and plump that he prides himself on their quality as so pleasing to his customers.

☞ The Bangor Democrat thus notices the first number of the new Wilmot Proviso loco paper, published in this city Its reference to Mr Smart's speech is rather cool —

The first number of a new paper called *The Jeffersonian* made its appearance in this city last Thursday It is a sheet of fair size and good appearance printed by Mr Benjamin A Burr, and edited by Joseph Bartlett, Esq It professes to be democratic and the humble service it may render the democratic cause for better we shall be pleased "Time's the true touchstone of profession We notice that it has made quite an important mistake as to the creed of our party In its enumerated list of the principles and measures of the democratic party, of which it alleges all are but parts of one system and as which is included one principle or measure (Wilmot Proviso) which has never been recognized by the delegates of the democratic party in any national convention, and never been an issue between the two great parties since the first establishment of the government—which is utterly repudiated by the entire democracy of one half of the States—which, to the extent it has found favor with democrats in the rest of the States, has been embraced in opposition with the Whigs—and which the abolition free soil party has better right than any other to claim as a measure The whole people of the free States are opposed to slavery and its extension, consequently parties in those States can not join issue upon the question, and neither can it exclusively their measure From the very nature of things the anti slavery principle cannot be incorporated into the creed of any other than a *sectional* party A speech that has been much lauded and generally circulated by the Van Buren and Free Soil papers is published in the second number of the Jeffersonian

We learn that Charles E Leighton, the young man who was sentenced to two years imprisonment in the county jail for robbing the Post Office in this city has been pardoned by President Polk Young Leighton has been imprisoned one year and two weeks — Mercury

Agricultural Schools, and Schools for Instruction in the Mechanic Arts.

The following is from the late message of Gov Fairbanks to the Legislature of New York

I think the time has arrived when the State is called on to make provision for the advancement of Agricultural Science and of knowledge in the Mechanic Arts, Of late years the science of Agriculture has received much attention, and its influence, in combination with the practical labors of those engaged in the ennobling pursuit of husbandry, has lessened the toil and increased the returns of the tillers of the soil Thus far are the results with respect to the Mechanic Arts If the wealth and power and independence of a nation are to be estimated by its ability to supply, from within itself, its most essential wants, and from its abundance to minister to the wants of others it is both wise and politic for the State to aid the advancement of those particular branches of knowledge more immediately bearing upon the pursuits of the great producing classes

In this view, I cannot too strongly recommend the endowment by the State of an Agricultural School, and a School for Instruction in the Mechanic Arts I would suggest an annual appropriation to be expended under the direction of the Regents of the University, for instructors in the several branches of learning connected with Agriculture and the Mechanic Arts The appropriation should be sufficient to insure the best talents, to test the utility of the plan, and, if deemed expedient, its duration may in the first instance, be limited

Let no one suppose that by acting a good part through life he will escape slander There will be those who hate him for the qualities that ought to procure esteem There are some fools in the world who are not willing that others should be better than themselves

Never take the part of a railer, you would make an enemy of his victim.

RHEUMATISM

This is only one of many thousand cases of Rheumatism that Dr Townsend's Sarsaparilla has cured The most severe cases of chronic rheumatism in weeks treatment this extraordinary virtue

James Cumming Esq, one of the assistants in the Lunatic Asylum, Blackwell's Island, gives the following testimony

Blackwell's Island, Sept 14 1847

Dr Townsend—Dear Sir I have sold a very large number of bottles of your Sarsaparilla, and I believe it would cure all who use it. I had been a most distressed purpura and my limbs were literally swollen I have used four bottles of your Sarsaparilla and they have done me more than one year's doctoring I feel as well as ever I am so much better—indeed I am entirely relieved You are at liberty to use this for the benefit of the afflicted Yours respectfully,

JAMES CUMMINGS

FITS! FITS! FITS!

Dr Townsend on having tested his Sarsaparilla in cases of Fits, of course never recommended it, and was surprised to receive the following from an intelligent and respectable Farmer in Westchester County.

Fordham, August 13 1847

Dr Townsend—Dear Sir I have a little girl, seven years of age, who has been seven years afflicted with Fits; we tried almost every thing for her, but without success, at last, although we could find no recommendations in your circulars for cases like hers, we thought, as she was in very delicate health we would give her one of your Sarsaparilla, and we very glad we did, for it not only restored her strength but she has had no return of the Fits, to our great pleasure and surprise She is fast becoming rugged and hearty, for which we feel grateful Yours, respectfully

JOHN BUTLER, Jr.

FEMALE MEDICINE

Dr Townsend's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption Barrenness, Prolapsus Uteri or Falling of the Womb, Costiveness, Piles Leucorrhœa or Whites, obstructed or difficult Menstruation Incontinence of Urine or involuntary discharge thereof, and for the general prostration of the system—no matter whether the result of inherent cause or causes, produced by irregularity illness, or accident Nothing can be more surprising than its invigorating effects on the human frame Persons all weakness and, in fact, unable, from taking it, at once become robust and full of energy under its influence It immediately counteracts the nervous mass of the female frame which is the grand cause of Barrenness — It will not be expected of us, in consideration of delicate nature, to exhibit certificates of cures performed, but we can assure the afflicted that hundreds of cases have been reported to us Thousands of cases where families have been without children after using a few bottles of this invaluable medicine, have been blessed with the result by offering

TO MOTHERS AND MARRIED LADIES

This extract of Sarsaparilla is be expressly prepared in reference to female complaints No female who has reason to suppose she is approaching that critical period *The turn of life*, should neglect to take it, as it is a certain preventative for any of the numerous and horrible diseases to which females are subject at this time of life This period *may be delayed for several years by using this medicine* Nor is it less valuable for those who are approaching womanhood as it is calculated to assist nature by quickening the blood and invigorating the system Indeed this medicine is invaluable for all the delicate diseases to which women are subject

It braces the whole system, renews permanently the natural energies—by removing the impurities of the body, not so far stimulating as to produce subsequent relaxation—which is the case of most medicines taken for female weakness and disease By using a few bottles of this medicine, many severe and painful surgical operations may be prevented

GREAT BLESSING TO MOTHERS AND CHILDREN.

It is the safest and most effectual medicine for purifying the system and relieving the sufferings attendant upon child birth ever discovered It strengthens both the mother and child prevents pain and disease, increases and enriches the food—those who have used it think it is indispensable It is highly useful both before and after confinement, as it prevents diseases attendant upon childbirth — Costiveness Cramps, Swelling of the Feet Dependency Heartburn, Vomiting, Pain in the Back and Loins, False Pains, Hemorrhage and in regulating the secretions and equalizing the circulation it has no equal The great beauty of this medicine is, it is always safe, and the most delicate use it most successfully, very few cases require any other medicine—in some little Castor Oil or Magnesia is useful Exercise in the open air, and light food with this medicine, will always secure a safe and easy confinement

BEAUTY AND HEALTH

Cosmetics, Chalk, and a variety of preparations generally in use, when applied to the face, very soon spoil it of its beauty They close the pores of the skin, and check the circulation, which, when nature is not thwarted by disease or powder, or rouge, the skin is flushed by the exertions used in some, beautifies its own production in that human face divine "as well as in the garden of rich and delicately tinted and variegated flowers" A free, active and healthy circulation of the fluids or the coursing of the pure, rich blood to the extremities, is that which paints the countenance in the most exquisite beauty It is that which imparts the indescribable shades and flushes of loveliness that all admire but none can describe. The beauty is the offspring of *nature*—not of *powder or soap* If there is not a free and healthy circulation, there is no beauty If the lady is fair as driven snow, if she paint and use cosmetics, and the blood is thick, cold, and impure, she is not beautiful If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to their eyes, that is fascinating

This is the reason why the southern, and especially the Spanish ladies, are so much admired Ladies in the north who take but little exercise or are confined in close rooms, or have spoiled their complexion by the application of delster ous mixtures, if they wish to regain elasticity of step, buoyant spirits, sparkling eyes, and beautiful complexions, they should use Dr Townsend's Sarsaparilla Thousands who have tried it are more than satisfied, are delighted. Ladies of every station crowd our office daily.

NOTICE TO THE LADIES.

Those that imitate Dr Townsend's Sarsaparilla have invariably called their stuff *a great remedy for females*, &c, &c, and have copied our bills and circulars which relate to the complaints of women, word for word—other men who put up medicine have, since the great success of Dr Townsend's Sarsaparilla in complaints incident to females, recommended them, although previously they did not A number of these Mixtures, Pills, &c are injurious to females, as they aggravate disease, and undermine the constitution.

SCROFULA CURED.

This Certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate diseases of the blood Three persons in one house is unprecedented.

THREE CHILDREN

Dr Townsend Dear Sir—I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine — They were afflicted very severely with bad sores, I have taken only four bottles, it took them away, for which I feel myself under great obligation. Yours respectfully,

ISAAC W. CRAIN, 105 Wooster st.

CONSUMPTION CURED!

Buchan's Hungarian Balsam of Life.

THE GREAT ENGLISH REMEDY FOR *COLDS, COUGHS, ASTHMA and CONSUMPTION*

BUCHAN'S HUNGARIAN BALSAM, the Great English Remedy for Pectoral and Pulmonary diseases, still stands unrivalled and unexpressed as the most elegant, agreeable, and effectual curative of those formidable complaints, now known to the civilized world

Three years time of trial in the United States, during which time it has been distributed from Maine to Florida, has only served to establish its pre eminent merits in all parts of the country, as the great and only RELIABLE REMEDY in the worst cases of Pulmonary disease, and the best and most favorable curative of all the slight forms of colds, cough and inflammations that can possibly be used

INCONTESTIBLE PROOFS

Of the efficacy of this Balsam in the worst forms of Consumption

IMPORTANT MEDICAL TESTIMONY

DR. BRADLEY—Dear Sir The Hungarian Balsam is, beyond all question, a most perfect and admirable preparation for diseases of the Lungs I have used it in my family, and in my professional practice for more than two years with the most gratifying and entire success, in cases of *severe Pulmonary disease*, and I can conscientiously recommend it to all who are afflicted as the most certain remedy for such diseases with which I am acquainted Yours respectfully,

Reliable Evidence of the Efficacy of BUCHAN'S HUNGARIAN BALSAM

[From the Christian Freeman]

While we repudiate quackery, we are always pleased to give credit to that which is truly useful, and to give information which may benefit others A few days ago a brother of ours, from Norway, Me, came into our office in comfortable health, whom we did not expect to see again on earth We received a letter a few weeks since, from another brother resident in the house with him saying that he was convinced to his bed and could not probably continue but a short time Judge then of our surprise when we saw him enter our office He has a slight cough remaining, or it would be natural that he should have, until he has had further time for acquiring strength of lungs But he is in comfortable health The following letter which he addresses to the general Boston Agent for the medicine, when has restored him so wonderfully will show what the medicine has been the instrument of the good work

Boston, Feb 16, 1847

Dr D P Bradlee—Sir—I cannot refrain from my testimony in favor of your Buchan's Hungarian Balsam of Life Having in my last letter stated facts in relation to my case and effects of my service in inducing the sick to seek relief at the source from whence I obtained it, I shall be short

My residence is Norway Me. Three years ago I so fell from the violent cold which left a cough of the most aggravated kind accompanied by a severe pain in the left side. Last June I had become so feeble that I was obliged to quit all work and I was confined to the house until about four weeks since During that time I received the best medical attendance, and tried nearly all the medicines which are recommended in such cases but could find no relief, but grew worse and for the last three weeks was confined to my bed Two of my physicians gave me up as past recovery But to the surprise of all, I heard of the Hungarian Balsam and immediately procured a bottle This gave me instant relief, and six bottles have broken up my cough, and given me an appetite to resume, with advancing health, my usual occupation

BE WISE TO-DAY

Delay in any case of Consumptive tendency, is emphatically Death, for all ordinary treatment The Hungarian Balsam is a great ANTIDOTE as well as CURATIVE If you have any symptoms above described, be advised in time

McKENNEY'S COSSACK SALVE!!

An Invaluable Remedy

FOR Fever Sores Rheumatism, Swelling of the Feet and Limbs Swelling of the Tonsils or Sore Throat Chronic Eruptions of the Skin and all Scrofulous Diseases Rigid Cords occasioned by Colds or Strains, Stiff Neck Chilblains or Chapped hands, Sore or Inflamed Breast, Weakness or Pains in the Stomach, Piles, Corns, Warts and Common Sores and Cuts and Bruises of all kinds

In bringing this article before the Public, we are aware that we labor under no small disadvantage amidst the multitude of All-Healing Ointments and Panaceas that are now advertised as the *"most effectual"* and *certain cures* for all diseases indiscriminately, to which man or animals are subject

A history of the Salve and the wonderful cures it has effected in the above complaints, will be found in a pamphlet accompanying each Box—a reference to which is invited before purchasing

We would only add that we have undertaken the task of manufacturing the above named Salve without a prospect of any pecuniary benefit as no inconsiderable trouble and expense, not so much as a matter of speculation and pecuniary benefit as in compliance with the earnest and repeated solicitations of personal friends and those who have experienced its wonderful medicinal and all-healing properties

To say, indeed, that we do not expect to realize a handsome remuneration for our services, would be alike useless and untrue But we flatter ourselves that if, forsooth, we are richly paid, and the article soon, very soon, has an extensive sale—the Public are receiving a full and ample equivalent

As we have already intimated we do not and shall not call to our aid the empty *"puffing of the Press,"* or the "bought certificates" of individuals and shall make use of them only so far as they have been, or hereafter may be, entirely *voluntary* and *unsolicited*

The Salve is now before the Public!

They, and they alone, will decide upon its real virtues and medicinal properties To say less, were injustice to ourselves—to say more would be superfluous.

Here are some of the many Certificates—

The subscriber was afflicted with a Fever Sore upon his leg for about six years, and in the winter of 1845 it commenced swelling from the ankle to the knee After using many remedies without success I applied some Salve obtained of Mr A M McKenny, and continued its application until I had used six bottles, which entirely cured me, and I have had no return of the disease since I would also say that I know the above Salve to be a cure for Corns, one of my family having used it for this purpose with complete success

DANIEL SEAVEY

Dexter, (Maine) May, 1846

This certifies that one of my sons having been afflicted with a Fever Sore for more than a year, and having tried various means to effect a cure, without success, which cost me about forty dollars, I bought 14 oz of JONATH McKENNEY'S SALVE, which effected an entire cure in less than two months SIMEON MARSTON.

Gray May 11, 1846.

BANGOR, June 5, 1846

Mr. McKenney—In going into the woods in the autumn of 1845, with the charge of quite a number of men, for the winter lumbering operation, I was induced to take a few bottles of your Salve, it having been recommended to me as one of the best remedies for accidental Cuts and bruises; and I found indeed, to my great satisfaction, that it was an invaluable article. I also made application of it in cases of Cuts, Sprains, and Bruises upon my cattle, and found it equally beneficial. It can truly be called the All-Heal of Salves.

HARTS' VEGETABLE EXTRACT

Is the only remedy that can be relied on for the permanent cure of Spinal Complaints Spasmodic Contractions, Irritation of the Nerves Nervous or Sick Headache, Nervous Tremors, Neuralgic Affections, Apoplexy Paralysis, General debility Deficiency of Nervous and Physical Energy, and all Nervous Disorders including the most dreadful of all diseases that ever afflict the human race

EPILEPTIC FITS,

or Falling Sickness, Hysterical Fits, Convulsions, Spasms, &c Dr Hart would impress it upon the minds of the afflicted, that the Vegetable Extract is the only remedy ever discovered that can be relied on for the permanent cure of the most dreadful of all diseases Asia tendency is to insanity, madness and death, the most

SKILLFUL PHYSICIANS

of Europe, as well as those of our own country, have pronounced Epilepsy incurable And it has been considered by many, but I think most important of all discoveries was made by Doctor S Hart, nearly sixteen years since, during which time it has been performing some of the most

REMARKABLE CURES

upon record, and has acquired a reputation which time alone can efface Physicians of unimpeached skill and experience, ministers of various denominations, as well as hundreds of our eminent citizens all unite in recommending the use of this truly valuable medicine to their patients, charge, and friends, who are thus afflicted as the only remedy

WE QUOTE THE LANGUAGE

used by those who have been cured by this valuable medicine One says, "I have suffered beyond my power of description, but now I rejoice to bring fully restored to health and happiness Another says, "I thank God I lived to find out a remedy for my disease and I think it my duty to proclaim it to the ends of the earth Another says, "Those similarly afflicted may find relief Another says

EMINENT LAWYER,

and well known in Ohio, says "My son has been afflicted for years with Epilepsy but now enjoying good health from the Vegetable Extract Before it became, says he "should at night to be bounded to the ends of the earth" An Ohio man's Language is entirely inadequate to express my gratitude to Dr Hart, for having been the means under the blessing of God, of restoring me to good health after having been afflicted with Epilepsy in its worst forms for more than twenty three years and my morning and evening oblation of praise and thanksgiving shall continue to ascend to that God who has afflicted but to make me whole"

Mrs J Brophy 115 Orchard street, New York, states that she has been subject to Fits for many years, and has been restored to perfect health after every other means had failed by the use of the Vegetable Extract

Dr Hart A Brown of Dover Rockford, Alabama, who is one of the best Physicians in the State says that he has been astonished by the use of the Vegetable Extract and that he has no hesitancy in recommending it in every case of Epilepsy which he may meet with under his knowledge

Curtis G Mathews, Esq formerly Postmaster at Lime Mills, Crawford Co, Pa, now living in Erie Co Pa states that for many years past he has been severely afflicted with Epilepsy and he is now happy to state that a perseverance in the Vegetable Extract has restored him to sound health being entirely freed from that worst of all diseases

Mr Stephen E Pratt, corner of Sixth Avenue and Twenty sixth Street, New York states that Mr Charles C Houghton, a member of his family, has been so severely afflicted with Epileptic Fits for many years that he was obliged to relinquish his business He was induced by Dr Hart's Vegetable Extract [says Mr P] to give it a trial and he has not had a fit since the city for the Space of 18 months and is now able to attend to his business

Rev Mr Smith Rector of St Peter's Church Spotswood, New Jersey who has been afflicted with Epileptic Fits for more than forty years, states that he has used Dr Harts Vegetable Extract, and his health has been so much improved that he feels it the Divine blessing to have received such Fits

EPILEPTIC FITS,

For twenty seven years and more a mother, cured by the use of this truly wonderful medicine

Read the following remarkable case of the son of Wm Rose Esq of Philadelphia afflicted with Epileptic Fits Twenty seven years and six months — After travelling through England Scotland Germany, and France consulting the most eminent physicians, and expending his money, he finally received advice that he must return home to die Having sold his property he returned with his son to this country in November 1844, without receiving any benefit whatever and was currently given up

HART'S VEGETABLE EXTRACT

I have spent over three thousand dollars for medical and medicinal advice I was advised to take a tour to Europe with him, which I did, I first visited England I consulted the most eminent physicians there in respect to his case, they examined him and prescribed according to their skill I continued these three months without perceiving any change I then left, which cost me about two hundred and fifty dollars, pocketed by the physicians, and the most that I received was their opinion that my son's case was hopeless, and

POSITIVELY INCURABLE

I accordingly left England, travelled through Scotland Germany and France and returned home in the month of November with my son as far from being cured as when I left I saw your advertisement in one of the New York papers and concluded to try Hart's Vegetable Extract seeing your statements and certificates of so many cures, some of twenty and thirty years standing and I can assure you I did so, and by the use of Hart's Vegetable Extract my son was restored to

PERFECT HEALTH

His reason which it was so long and so painfully to unfit him for business is entirely restored, with the power of concentration of mind, his business, his age 28 years of age and 27 years 6 months of this time he has been afflicted with this most dreadful of diseases but thank God is now enjoying good health

Now sir, for it without words I don't believe in — To any I shall be ever grateful to you so long as I live and here I close you one hundred dollars I have no doubt you will think this another and quite a different one thing The debt of gratitude I still owe you, but please accept this amount as interest on the debt in advance Yours very respectfully,

(Signed) WILLIAM SPOORE.

The Great Remedy for Gonorrhœa

GLEET, Stricture, and all analagous complaints, is Dr. DOUGLASS'S ARABIAN PASTE. Dr Douglass is well known having practiced in the principal cities in the Union during the last 30 years His only reason for introducing the Paste in this public manner, is the consciousness that there are thousands of all treated complaints in this city—thousands of individuals who are going down to premature graves by taking the miserable drugs of quacks

Dr D most solemnly affirms that during his practice of forty years this Paste has never, in one single instance failed of effecting a cure in a few days, without any change of diet or hindrance from business He has had some of the most stubborn cases—cases that have resisted the regular course of treatment adopted by our first physicians, for months and even years but after taking the Paste for a few days the angry symptoms disappeared, and the patients were discharged, entirely cured

If the unfortunate, instead of drugging themselves with quack nostrums, would purchase only one box of the Arabian Paste we should not see so many emaciated bodies and sallow countenances as we do at the present time

☞ In case this Paste should fail to effect a cure in the shortest possible time, ten times the price paid for it will be given the purchasers on returning the empty boxes

For sale only by the original inventor and sole proprietor, Dr PETER G DOUGLASS, at his Office, No 55 Union street, Boston, at $5 per box where he can be confidently consulted on every disease incident to the human frame, and the patient rely upon the most beneficial course of treatment that can possibly be adopted
